Puppies should not be walked for more than 5 consecutive minutes per month of age. **Instead of playing fetch use a flirt pole. Buyer acknowledges that playing fetch, allowing free access to stairs, allowing to run down stairs, ramps, etc, or jumping out of cars can cause issues if done before the growth plates close and agree to keep puppy from doing these things before the growth plates close.**

Buyer must update Seller of a change of address or phone number within 14 days of the change.

Buyer shall complete the provided vaccination schedule, and see that Puppy is not allowed on the ground in areas where other dogs frequent such as parks, puppy play areas, pet stores, veterinary clinic floors, road stops, training facilities, communal potty areas (including those at apartments or condos), etc. until completion of their booster vaccinations, to prevent exposure to communicable disease which can cause extreme harm or death to a young puppy.

Buyer agrees to keep Seller listed as an emergency contact on the puppy's microchip for the entirety of its life. If at any point Seller is contacted by the puppy's microchip company, they shall contact Buyer by phone and email, making record of all attempts to contact Buyer before taking any action to keep the puppy out of a shelter.

FUTURE OWNERSHIP RELINQUISHMENT: Buyer acknowledges & agrees to everything in this section (buyer initials)

If at any point once transferred, the Buyer is no longer able or willing to provide a home for the Puppy or otherwise meet the Puppy's health and welfare needs, it is the Buyer's responsibility to first contact the Seller before making any arrangements for rehoming the puppy. The Buyer must never surrender the Puppy to an animal shelter, rescue organization, medical testing facility, or any other place or to any individual which would render the Puppy homeless or cause harm to the Puppy. If surrendered to another agency/rescue Buyer will be held responsible for any fees incurred by Seller to recover the puppy. Buyer agrees to give first rights of the puppy back to Seller. If puppy is returned to the Seller, Buyer must sign all paperwork provided by the Seller to transfer ownership back to Seller, the Puppy shall be returned to Seller at Buyer's expense including any shipping and travel fees, Buyer's ownership will then be terminated, and the re-homing process will be conducted at Seller's discretion. Seller guarantees Puppy to be free from canine parvo virus and canine distemper at the time of transfer and for 48 hours from the time of transfer due to these communicable diseases being potentially deadly to puppies. If the Puppy is found and confirmed by two separate licensed veterinary exams from two separate, unrelated veterinary clinics to have a communicable disease as defined, Buyer may submit a written refund request via email and text message for a full refund of the above purchase price within 48 hours from transfer if both veterinarians/clinics confirm the same diagnosis.
